^^^ **NEW REGO LABELS FOR THE ACT EMPHASISING MOTORCYCLE AWARENESS** ^^^

### **A LITTLE LIGHT RELIEF** ###

Dear Mum,

It is with great regret and sorrow that I'm writing this. I had to elope with my new girlfriend because I wanted to avoid a scene with dad and you. I've been finding real passion with Barbara and she is so nice even with all her piercing, tattoos, and her tight motorcycle clothes. But it's not only the passion mum, she's pregnant and Barbara said that we will be very happy.

Even though you don't care for her, as she is much older than I, she already owns a caravan in the woods and has a stack of firewood for the whole winter. She wants to have many more children with me and that's now one of my dreams too. Barbara taught me that marijuana doesn't really hurt anyone and we'll be growing it for ourselves, and trading it with her friends for all the cocaine and ecstasy we want. In the meantime, we'll pray that science will find a cure for AIDS so Barbara gets better; she sure deserves it! Don't worry mum; I'm almost 15 years old now and I know how to take care of myself. Someday

I'm sure we'll be back to visit, so you can get to know your grandchildren.

Your son, John.

PS. Mum, none of this is true. I'm over at the neighbour's house. I just wanted to remind you that there are worse things in life than my school report card which is in my desk centre drawer. I love you! Call when it's safe for me to come home.
